

FRAMEX PREMIUM

Museums Passepartout board

Technical datasheet, issued 01.01.20

Framex Premium is a premium museums Passepartout board of the highest quality. Framex Premium is based on 100% purified cellulose laminated conservation museums board glued with a 100% PH neutral glue. Framex Premium is acid free, lignin free with an alkaline buffer. All plies are related to ISO 9706. The Framex Premium is a versatile product, meeting the requirements of art framing conservation and light resistance.

| Property / unit | Tolerance | Unit | Value |
|---------------------------|-----------|-----------|--------|
| Grammage g/m ² | 5% | ISO 536 | 1200 |
| Thickness | 5% | ISO 20534 | 1.8 |
| Humidity | % | ISO 20287 | 5 |
| Smoothness WS BEKK | Sec | ISO 5627 | 3 to 5 |
| Smoothness FS BEKK | Sec | ISO 5627 | 3 to 5 |
| PH Value | | ISO 6588 | 7,5 |
